

YHF 10W 20W 30W 50W Fiber Laser Marking Machine

Advantages:

1. Raycus laser source.
2. Taiwan MEANWELL power supply.
3. Shenzhen Galvo-Tech Galvanometer.
4. Rotary, movable worktable is choosable.
5. Use with an industrial PC.
6. 110*110mm, 150*150mm, 175*175mm, 200*200mm
7. Air cooling.
8. English interface.
9. Applications: marking on metal and nonmetal surface.

Technical Parameters:

Specification	Description
Wavelength	1064nm
Laser Power	10W/20W/30W/50W
Marking Area	75*75mm,110*110mm,150*150mm,175*175mm,200*200mm
Power Voltage	220V 50Hz (Customizable)
Gross Power	< 800W
Dimension	Appr. 930*1100*1270mm
Weight	Appr. 237kg
